Cubicost- TAS C

Export IFC Quantity

After importing IFC models in TAS, if you wan to view quantities in IFC, you

can use this function to export the result to Excel.

1. Click **Export IFC Quantity**, and then select the save path and name.

2. After export, a Excel file will be generated in the selected path.

Note

You can only export quantities when there are quantity values in IFC (select

Export Base Quantity in Revit when exporting).
